## POST CONFERENCE TOUR

The Organising Committee of the *14<sup>th</sup> Radiochemical Conference*, is happy to offer you

**a post-conference week-end tour to Prague, the capital of Czech Republic, and one of the world's most popular tourist destinations of the recent years.**

Prague is a city of thousand years history, abounding in beauty and truly unique gems of art. Like Rome, Prague was originally built on seven hills, too. Lot of its charm was acquired from the stream waters of Vltava (Moldau) river meandering through the centre of the city.

The atmosphere and beauty of Prague is not given merely through the unique conglomeration of architecture from all the past periods but also through the pulsating life which brings forwards the heritage of past ages.

\* Saturday evening concert or ballet performance is optional, its price is not included in the Tour price.

The Saturday guided sightseeing tour will include all the major sights of Prague – Old Town Square with Astronomical Clock, Charles Bridge, Lesser Town, Prague Castle (visit to St. Vitus's Cathedral).

To be able to easily move around the city, all participants will be provided with a three-days public transportation ticket, city and public transportation maps, and other information materials.
